HENDERSON, N. C.

Introduction

Southern Directory Company, publishers of the Henderson city directory, takes pleasure in presenting the 1940-41 edition to the general public. The work embodies all available and vital data relating to the civic, commercial, financial, social and industrial interests and activities of the municipality, and the publishers add their assurance that the work is complete in all its parts.

The publishers enjoy the prestige and advantage of a complete organization and thorough system essential in the production of directories and the additional advantage of having the courteous co-operation of citizens in furnishing information. These factors, added to the liberal support of patrons as shown by the advertisements displayed upon the printed page, were vital to the success of the publication.

Confidence in the growth of Henderson, in its wealth, industry and population, as well as in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for truly, the directory is a mirror reflecting Henderson to the world.

Your attention is invited to those names appearing in DISPLAY BLACK TYPE throughout the directory, as they are the responsible, enterprising, advertising business men who take pride in sustaining the city directory and who have made this publication possible.

POPULATION

The 1939 population of Greater Henderson is 14,346, based on the number of individuals found by actual canvass at each residence. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the directory.

FIVE MAJOR DEPARTMENTS

The several essential departments are arranged in the following order.

THE MISCELLANEOUS DIRECTORY, containing valuable information concerning Local, State and National Governments, Associations, Churches, Colleges, Clubs, Hospitals, Libraries, Schools and Parks.

THE NUMERICAL TELEPHONE DIRECTORY, listing telephone subscribers by telephone numbers, can be found beginning with page 11.

THE ALPHABETICAL LIST OF NAMES contains data concerning each individual, firm and corporation within the city. The wife's name is given in parenthesis and is followed by position, place of employment and resident address.

THE CLASSIFIED BUSINESS DIRECTORY contains the various names of all manufacturing, mercantile and professional interests in

alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community.

THE STREET AND AVENUE GUIDE contains a complete directory of streets and avenues arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders, with the number of occupants, and business concerns are placed opposite the numbers.

THE SUPPLEMENT EDITION

After including every ccnceivable feature which would tend to make the directory as useful and attractive as possible, the publishers established a guaranteed home circulation for directory advertisers by issuing the Supplement Edition and delivering it to the homes of the community. Every advertisement which appears in a Miller's Directory also appears in the Supplement Edition, thus assuring each advertiser of direct results with his advertising dollar.

MUNICIPAL PUBLICITY

The directory reflects the achievements and ambitions of the city, depicting in truthful tterms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information over the country, the publishers have placed copies of this issue of the directory in Directory Libraries, which are maintained in all the chief cities of the country. Here they are readily available for free public referenc and serve as perpetual advertisements of Henderson, for business men the country over realize that the city directory represents the community as it really is.
